Connecting heroes - Protecting lives

Multi-Orbit Upgrade Kit

Enhance your global communications with Tampa Microwave's Multi-Orbit Upgrade Kit — a fully modular upgrade for Raider terminals (65 cm, 95 cm and 130 cm) already trusted in deployments worldwide. With a simple, field-ready install, your terminal instantly supports GEO, MEO and HEO constellations, delivering seamless, mission-critical connectivity wherever operations demand.

Key Terminal Features

- **SES mPOWER certified**
- **Simple, low-cost upgrade to fielded systems**
- **Rapid repointing minimizes break-before-make disruptions**
- **Fast setup and calibration consistent with Raider terminal family**
- **Planned LEO Upgrade Capability**
- **Modem agnostic**
- **Operates in multiple configurations:**
  - **Single Terminal (break-before-make)**
  - **Dual Terminal (make-before-break)**
- **Lightweight upgrade kit fits in a single case**
- **No tools or special equipment needed to setup and operate**
